4. **Dr.Ramesh Gatkal & Dr.Gajanan Honna** (Vice Principal, Shri Siddheshwar Mahavidyalaya, Majalgaon.)

To cultivate student learning and development by supporting students in their academic, personal and social growth.

Guest lecture on “**Basic and Advance Skill Development** ” for the students of B.Sc. Computer Science(F.Y,S.Y,T.Y)by Mr. Dr. Sachin Dabhade working as HOD and Miss Godavari Solanke as professor of Computer Department.

About Speaker:

Name: Mrs. Pooja Rasik Rudrawar(Head Rudrawar Inst. Majalgaon)

Over 5 years of experience in computer science technology.

She has taken corporate batches for Computer Science.

Got 1s prize in national conference named New Trends in Computer Science on the subject Android in the year 2010 Also have knowledge of accounting centre coordinator of Rudrawar computers.

Aim of the Event:

The session was organized with the aim of introducing students to the career opportunities in the field of developing advance skill of computer technology.

Before starting the Skill Development mam divided the session into two introductory parameters.

1. **Introduction of basic computer skill.**
2. **Basic application.**

In this first part of this session, Ms. P.Rudrawar mam discussed about the basic concept which are essentials for the understanding of

advanced technology of computer. Mam also gave some examples and asked some questions to students. Then, she discussed second part with students.

She told some websites which can help the students for developing knowledge. i.e. Coursera.org, khan academy.org, CareerGuide.com, W3Schools.com, Codecademy etc. Then mam went on to explain about Java script, PYTHON for developing the programming languages. She explained various things in java programming and its value in the company work. She explained various applications for daily life. Students asked many questions on latest technology and their future scope in company.

It was an extremely informative and an interactive session where students acquired enormous basic knowledge. The students were very keen for this guest lecturer and they learned a lot about computer technology and programming skill. This guest lecture would certainly help them understand their subject a new perspective.

Session ended with Vote of thanks by Mr. Anmol Solanke,
Student of Computer Science Department.

Student Feedback – as per student feedback form, the topic covered was appreciated by most of the students and requested to arrange such talk in the future also.

Outcome of the event:

Student acquired awareness on various application areas of computer science technology, its scope and market value.
